

# Foxleigh Warmblood Stud

## **LORD DENIRO (Imp) (Lord Fantastic x De Niro x Jupiter II).**

Stallion service fee for 2014: \$2,400 inc. GST.

Lord Deniro is an imported German Licensed Small Warmblood Stallion. The only German Licensed Small Warmblood stallion standing in Australia. If you are looking for a superior performance stallion in a smaller package you can go no further than Lord Deniro.

Height: 15.3hh (160cm)  
Homozygous black (no chestnut foals)  
DNA tested clear of PSSM1

Sired by Lord Fantastic (3 times Bundeschampionate finalist), whose lines include Lord Loxley (Bundeschampionate winner), and Lord Sinclair (German Young Horse Champion).

His dam is the St.Pr.St. Diana II who is also the dam of the recently licensed stallion Quinto. Diana II comes from an unbroken line of St.Pr.St. and includes the Grand Prix producing stallions De Niro and Donnerhall and the jumping stallion Jupiter II.

Lord Deniro has had an amazing introduction to dressage competition in his first full year of competition. As a 4/5 year old he was almost unbeaten and achieved a number of Championships from Preliminary to Elementary including taking out three titles at the Guinot Dressage Championships in Western Australia, ending the year as a member of the National Futures Squad 2013.

Lord Deniro has an easy going nature and the most supple movements you have ever seen. As a bonus he is also a talented jumper and bold over cross country when training. Lord Deniro produces beautiful correct foals with one of our delighted breeders in Victoria stating that her vet said her filly was the most correct foal he had even seen. The Lord Deniro foal, Foxleigh Leonidas, scored 85.50% in the AWhA Ltd 2014 National Assessment Tour. We are really pleased with his first two crops of foals and you will not be disappointed either.
