

Foxleigh Warmblood Stud

LORD DENIRO (Imp) (Lord Fantastic x De Niro x Jupiter II).

Stallion service fee for 2013: \$2400 inc. GST.

Lord Deniro is a homozygous black licensed small German Warmblood stallion and the only son of multiple Bundeschampionate Finalist Lord Fantastic standing in Australia. Lord Fantastic has commenced his FEI career at eight years of age. Lord Deniro is out of the beautiful State Premium mare Diana II by renowned stallion De Niro, crowned Hanoverian Stallion of the Year in 2008.

Lord Deniro has had a fantastic first year of competition with many wins in breed classes, young horse classes and official dressage competition including *Official Preliminary Champion* – Summer Southern Solstice Dressage Championships, January 2013; *Official Novice Champion, Novice Freestyle Champion and Novice Challenge Champion* – Autumn Dressage Festival (record for highest number of tests ridden in WA), April 2013; and *Official Novice Champion* and highest official test score of the event – Dressage Association of WA Dressage Championships, May 2013. Lord Deniro was recently selected for the Australian National Dressage Futures Squad, a fantastic achievement for such a young stallion.

Lord Deniro was chosen due to his rhythmical and powerful paces, correct conformation, beautiful exterior and relaxed and trainable temperament. As an added bonus Lord Deniro is a talented jumper and easily training up to 120cms at home. Trainability combined with a smaller stature makes Lord Deniro perfect not only for Warmblood, Thoroughbred and Arabian mares but also for those who want to breed with smaller mares to produce dressage and show horses.

Lord Deniro's bloodlines include no less than nine State Premium mares and stallions such as Bundeschampionate winner Lord Loxely, two times German Young Horse Champion Lord Sinclair, Premium Licensed Thoroughbred performance stallion Roncalli and Grand Prix dressage horse producers De Niro and Donnerhall. The Donnerhall bloodline had the highest number of dressage competitors at the World Equestrian Games held in Kentucky in 2010 and now again at the London Olympics they are dominating.
