## Led Class Rules

1. A [run sheet](#) has been generated outlining approximate class times. Please note: **times are indicative only and subject to change**. If less time is required, the following classes may be called early.
2. The competition will be held in accordance with the rules set by the AWHHA Ltd. The AWHHA Ltd reserves the right to vary any aspect of the program as required.
3. Presented horses must be in good health and must not be lame.
4. The judges' decision is final.

6. Horses are to be presented in the marshalling area **10 minutes prior to** the time stipulated on the run sheet. Failure to report to the marshall at the allotted time may result in automatic elimination. No class will be delayed for late comers. **Horse handlers and stewards only permitted in the marshalling area.**
7. Championship: Champions will be judged on or as soon as possible after the completion of the led classes. All eligible first prize winners must parade for relevant Championships or forfeit prizes. If the Champion is found to be ineligible for the class, then the Reserve Champion will be awarded Champion. Those eligible to compete for Reserve Champion (the horse placed 2nd to the Champion in its class) must marshal 5 minutes prior to Champion judging times so they are ready to contest as soon as the Champion is awarded.
8. All horses 2 years of age and over are expected to be capable of leading without outside assistance. You may have assistance for yearlings and foals alone or with their dams. **Excessive stimulation of any exhibit will not be tolerated.**

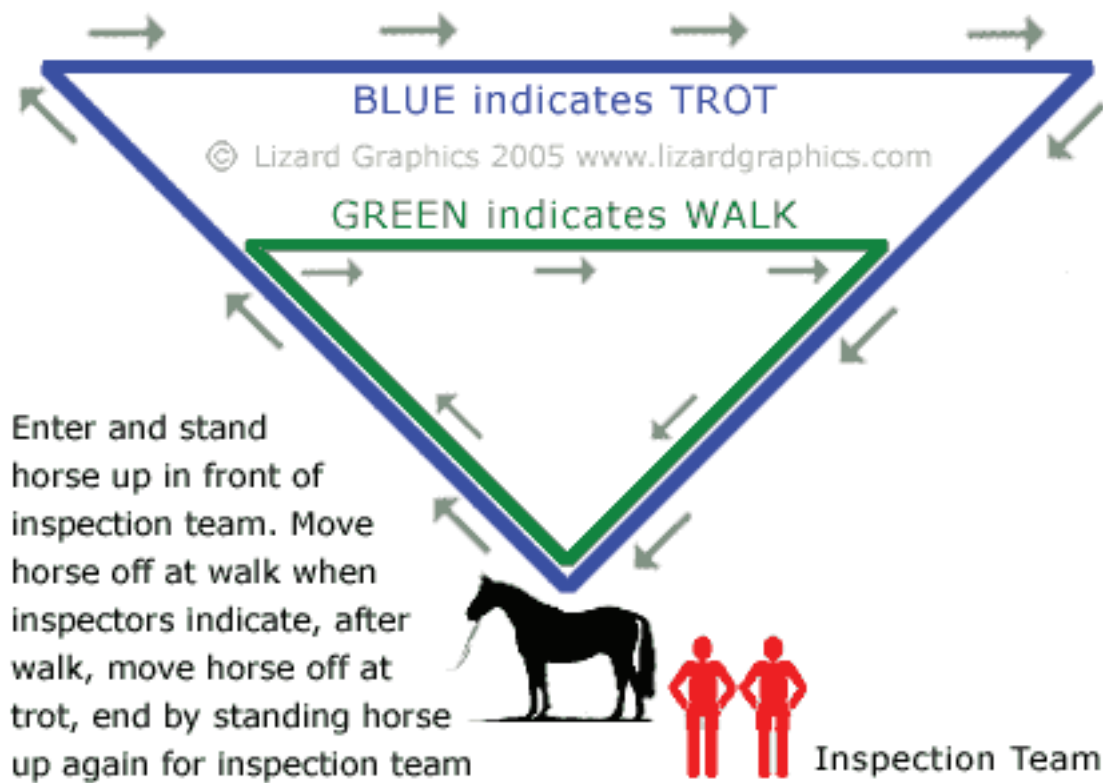

### The protocol for AWHHA and Open Warmblood Led classes is as follows:

1. All exhibits are to enter the ring together led in at walk and presented to the judges, with the near side facing in the designated area to be scored for type and conformation.
2. Upon completion of the type and conformation assessment, all exhibits are to return to the collecting area as directed by the judges.
3. At the judges' indication, each exhibit will individually re-present to the judges and when asked to move off, commence one circuit of the exhibition triangle (see diagram on page 7) in walk, followed by a second circuit in trot. *Please note:* the triangle is used to demonstrate your horse's ability to move straight and to show correct movement. This is what the judges wish to see. It is to your advantage to follow these directions.
4. After presentation all exhibits are to remain in close proximity to the judging area as directed by the judges.
5. At the completion of the last exhibit the judges will announce the place getters.

## The Exhibition Triangle.

*Image reproduced with kind permission of [Lizard Graphics](http://www.lizardgraphics.com). No reproduction allowed without express permission from Lizard Graphics.*

Your inspection will take place on a triangular course where you place the left side of your horse to face the judges. Here the so-called open position is obligatory.

The judges will score the individual marks for conformation and then ask you to walk away from them on the triangle, turning around the markers in a clockwise direction and return to your original starting position. Your horse should walk freely forward and straight, on a reasonably loose rein. Remember to look forward in the direction you are walking, not at your horse.

You will then be asked to trot one lap with your horse in a clockwise direction. The judges stay at the same place, and with the triangular form of the course they are able to first inspect your horse from behind, then its action deployment from the side, and finally its correctness from the front. For that reason, however, it is necessary to follow exactly the triangular form of the course.

At the trot the horse should be given the chance to move as freely as possible. With regard to very actively moving the horse the handler should be someone who is able to move well enough him/herself to show this movement. When trotting your horse you take both the reins in your right hand.

After the trotted lap return your horse to the judges from the right side standing. Judges may allow a second trot triangle in order to see movement. If on the day you do not understand what is requested of you, please seek clarification.

*Please note:* all horses 2 years of age and over are expected to be capable of leading without outside assistance. You may have assistance for yearlings and foals alone or with their dams. **Excessive stimulation of any exhibit will not be tolerated.**

### MARE CLASSIFICATIONS

**Judges:** Diana Wolyncevic (QLD) and Julie Smith (QLD).

**The protocol for AWhA and Open Ridden Warmblood classes is as follows:**

1. One rider per horse is permitted. There will be NO change of rider before the event.
1. A [run sheet](#) has been generated outlining approximate class times. Please note: **times are indicative only and subject to change**. If less time is required, the following classes may be called early.
2. The competition will be held in accordance with the rules set by the AWhA Ltd. The AWhA Ltd reserves the right to vary any aspect of the program as required.
3. Presented horses must be in good health and must not be lame.
4. The judges' decision is final.
5. Horse number: each horse will be supplied a number (if requested). A \$10 bond per number is required to be pre-paid with your entry. The bond will be refunded to you at the show when the number is handed in.
6. Horses are to be presented in the marshalling area 10 minutes prior to the time stipulated on the program. Failure to report to the marshall at the allotted time may result in automatic elimination. No class will be delayed for late comers. **Horse riders and stewards only in marshalling area.**
7. Championship: Champions will be judged on or as soon as possible after the completion of the ridden classes. All eligible first prize winners must parade for relevant Championships or forfeit prizes. If the Champion is found to be ineligible for the class, then the Reserve Champion will be awarded Champion. Those eligible to compete for Reserve Champion (the horse placed 2nd to the Champion in its class) must marshall 5 minutes prior to Champion judging times so they are ready to contest as soon as the Champion is awarded.
8. Exhibits are to enter the ring at a walk in a clockwise direction at the discretion of the ring steward/judges and may be asked to trot and canter as a group.
9. All exhibits will leave the arena and return individually when called. Changes of gait and direction, or a simple age appropriate workout will be indicated by the ring steward/judges.
10. At the completion of the last exhibit the judges will announce the place getters.
11. All exhibits in ridden classes must be ridden in a snaffle bridle. Use of side saddles and martingales is prohibited. Spurs must comply with EA guidelines.
12. ASA approved safety helmets must be worn at all times when riding, including in the warm-up area.
