IHB offers to all serious horse breeders many years of experience in the trade of frozen artificial insemination (AI), being established in 1989. They bring to Australian breeders the choice of the best stallions that the world has to offer. Their experience, technical skills and success now speaks for itself and their average conception rate of two inseminations per pregnancy is the envy of the international market.

IHB began with a specific vision back in the 1980's. The idea was to introduce the genes of the world's top ranking stallions into the breeding stock here in Australia through frozen AI. At the time, AI was a recently developed technology but during the past fifteen years, enormous progress has been made. Twenty five years ago, IHB were excited about being pioneers in the industry; they are now proud to be able to boast the best conception rates in the world using frozen AI and that their results exceed any other method of breeding.

The ambition of most serious breeders is to produce a top performer. IHB can turn that dream into reality. They have successfully made dreams come true for horse breeders all over this country for many years. We invite you to contact IHB to discuss any aspect of your breeding programme for the 2012/2013 breeding season. From your choice of stallion to any other concern you may have, IHB are there to help you achieve the best.

AWHA Ltd Mare Classifier and Judge Joanne Verikios

Pictured left: Joanne riding [Highborn Powerlifter](#).

Joanne was born in Toowoomba, Queensland, and grew up with a passion for horses. She acquired her own pony at the age of nine and went through the Pony Club ranks with great enthusiasm. Joanne later qualified as a Pony Club instructor and was a member of the Downs Pony Club team that won the Duke of Edinburgh Pony Club Games Championship in 1972.

Better known to the AWHALtd as Joanne Pappas, she established Highborn Warmblood Stud near Canberra in the Australian Capital Territory, and bred the AWHALtd Licensed Stallion Highborn Powerlifter (Valuta x [Nova Vega xx](#) x [Spats xx](#)).

Joanne was the founding President of the ACT Branch of the AWHALtd and has also served as the AWHALtd Federal President and Federal Registrar. She is also a committee member of the National Capital Horse Trials Association. Joanne is an experienced Warmblood classifier, trainer of classifiers and judge. She has written for a number of equestrian publications and has competed with success in eventing, dressage, hacking and led classes.

AWHA Ltd Mare Classifier, Judge and Federal Registrar Silvia Ahamer

Pictured left: Silvia with [Danaos Du Theillet](#).

Silvia was born in Austria and came to Australia in 1990. She was a junior showjumper of Austria and a member of the Upper Austrian Eventing team. Silvia was a member of the Warmblood breeding Association of Austria and bred Warmblood horses so her connection with Warmblood horses goes back a long way.

When Silvia came to Australia she joined the Bowral Dressage Club and was on the committee for ten years. She took a break from committee positions whilst establishing her stud [Bendooley Park](#) where Landline (Laptop x Nothern Commander I x Souvenir) and Danaos Du Theillet (Imp) (Quito De Baussy x I Love You x Night and Day) now stand. She has since rejoined the Bowral Dressage Club committee and had also been, for some years, the President of the Bowral Showjumping Club.

Silvia has been on the committee of the AWHALtd NSW Branch in several different functions including Mare Classifier, becoming a Colt Classifier in 2009 and has been judging at different events and Gala Days throughout Australia. Silvia has also been an AWHALtd Branch Registrar for many years and upon centralisation of processing she became the Administration Registrar and Federal Registrar on the AWHALtd Federal Board. Her knowledge of the German language and European breeding is invaluable in that role. At present, Silvia is also acting registrar for the AWHALtd Queensland Branch.

Not only do we have Joanne and Silvia both judging and classifying, we also have long term members and experienced judges and classifiers Bev Edwards (pictured left with Jaybee Colleen) and Di Wolyncevic (pictured right with Glencairn Delf) classifying mares on the day.

On behalf of the AWA QLD Branch committee and members, as well as all participants of the 2012 AWA QLD Branch and IHB Gala Day Show, it is our privilege to have such dedicated and experienced judges and mare classifiers. Your time and effort is greatly appreciated.

Led Class Rules

1. Each led class has been allocated approximately ten minutes pending entries. If less time is required, the subsequent classes may be called early. Horses are to be presented in the marshalling area 10 minutes prior to the time stipulated on the program, unless classes are running earlier. In this instance the announcer will notify members over the public address system. Failure to report to the marshall at the allotted time may result in automatic elimination. No class will be delayed for late comers. Every effort will be made on the day via the public address system to keep participants informed on what classes are currently in the indoor and who is required in the marshalling area.
2. The competition will be held in accordance with the rules set by the AWHHA Ltd. The AWHHA Ltd reserves the right to vary any aspect of the program as required.
3. Presented horses must be in good health and must not be lame.
4. The judge's decision is final.
5. **Handler number:** each horse has been assigned a number. Each horse or handler must wear a number that is easily visible to the judges. This number is to be supplied by the owner or handler.
6. **Championship:** Champions will be judged on or as soon as possible after the completion of the led classes. All eligible first prize winners must parade for relevant Championships or forfeit prizes. If the Champion is found to be ineligible for the class, then the Reserve Champion will be awarded Champion. Those eligible to compete for Reserve Champion (the horse placed 2nd to the Champion in its class) must marshal 5 minutes prior to Champion judging times so they are ready to contest as soon as the Champion is awarded.

The protocol for AWHHA and Open Warmblood led classes is as follows:

1. All exhibits are to enter the ring together led in at walk and presented to the judges, with the near side facing in the designated area to be scored for type and conformation.
2. Upon completion of the type and conformation assessment, all exhibits are to stand to the side of the arena. This will be indicated to you via the judges.
3. At the judges' indication, each exhibit will individually re-present to the judges and when asked to move off, commence one circuit of the exhibition triangle (see diagram below) in walk, followed by a second circuit in trot.
4. After presentation, all exhibits are to return to the side of the arena, as originally indicated by the judges.
5. At the completion of the last exhibit the judges will announcement the place getters.

1. AWARD PRESENTATION - to be given by AWHQ QLD Branch President
2. Draw - IHB CELLE FROZEN SEMEN RAFFLE. To be drawn by Silvia Ahamer

The protocol for AWHHA and Open ridden Warmblood classes is as follows:

1. One rider per horse is permitted. There will be NO change of rider before the event.
2. Each ridden class has been allocated approximately fifteen to twenty minutes pending entries. If less time is required, the subsequent classes may be called early. Horses are to be presented in the marshalling area 10 minutes prior to the time stipulated on the program, unless classes are running earlier. In this instance the announcer will notify members over the public address system. Failure to report to the marshal at the allotted time may result in automatic elimination. No class will be delayed for late comers. Every effort will be made on the day via the public address system to keep participants informed on what classes are currently in the indoor and who is required in the marshalling area.
3. The competition will be held in accordance with the rules set by the AWHHA Ltd. The AWHHA Ltd reserves the right to vary any aspect of the program as required.
4. Presented horses must be in good health and must not be lame.
5. The judge's decision is final.
6. **Rider number:** each horse has been assigned a number. Each horse or rider must wear a number that is easily visible to the judges. This number is to be supplied by the owner or rider.
7. Horses are to be presented in the marshalling area 10 minutes prior to the time stipulated on the program. Failure to report to the marshal at the allotted time may result in automatic elimination. No class will be delayed for late comers.
8. Championship: Champions will be judged on or as soon as possible after the completion of the ridden classes. All eligible first prize winners must parade for relevant Championships or forfeit prizes. If the Champion is found to be ineligible for the class, then the Reserve Champion will be awarded Champion. Those eligible to compete for Reserve Champion (the horse placed 2nd to the Champion in its class) must marshal 5 minutes prior to Champion judging times so they are ready to contest as soon as the Champion is awarded.
9. Horses are to enter the ring at a walk in a clockwise direction at the discretion of the ring steward/judge and may be asked to trot and canter as a group.
10. When indicated to by the judges, competitors are to stand to the side of the arena which will be indicated to you. You will be called individually by the judges to perform your pattern which will be made available on the day of the show outside the office. Changes of gait and direction, or a simple age appropriate workout will be indicated by the ring steward/judge.
11. At the completion of the last exhibit, the judges will announce the place getters.
12. All horses in ridden classes must be ridden in a snaffle bridle. Use of side saddles and martingales is prohibited. Spurs must comply with EA guidelines.

COMPLETION OF GALA DAY!

Judges: Silvia Ahamer (NSW) and Joanne Verikios (QLD).

The AWhA QLD Branch committee has renewed an old initiative. We will be awarding the highest scoring mare from the 2012 QLD Branch mare assessments. This year's mare assessments will be on 16 and 17 Jun 12, and 27 Oct 12. This award will be a frozen semen service to [Jaybee Alto](#) (Alabaster x Don Schufro x Glorieux) which has been kindly donated to the AWhA QLD Branch by Bev and John Edwards of Jaybee Farm. Please note that conditions apply.

JAYBEE FARM PRESENTS JAYBEE ALTO, THE NEXT STEP!

Jaybee Alto is a 4 year old chestnut stallion standing at 16.2 hh. He is by Alabaster (GER) out of Jaybee Desiree by Don Schufro (GER) out of Gloria (Imp), a full imported pedigree. He is the best moving and conformed young stallion Jaybee Farm has had, and at Jaybee Farm, that is a big statement. He has been classified and is approved by the AWhA Ltd. Jaybee Alto is the seventh colt they have presented for classification, and the seventh colt that has been passed and approved.

Jaybee Alto is a 3/4 brother to World Equestrian Games Australian Representative, and Sydney CDI*** 2011 Big Tour Winner Jaybee Alabaster (IIU) (Alabaster x Glorieux x Grundstein I). Jaybee Alabaster is also the Australian National Grand Prix Champion 2011 and the Pacific League World Cup Dressage Champion 2011.

Jaybee Alto won his first three starts as a four year old Young Dressage Horse. He scored 8 at the 2011 Queensland State Dressage Championships, won at Clarendon in Sydney in a field of 32, and won, again with 8 in Toowoomba at the Young Dressage Horse Championships. He is working beautifully and as well as extreme movement, he has a great brain. He has a lovely character, and is very easy to handle.

Jaybee Farm's conditions for the donated service for the top scoring AWhA Ltd mare classified in Queensland in 2012 are:

- * The service will be delivered with frozen semen. This is excellent semen and in the first season of use achieved 6 out of 6 pregnancies from the first insemination.
- * The semen will be free of charge, but the mare owner will pay for transport from Agnes Banks Equine Clinic, Agnes Banks, NSW, and the veterinary costs involved in inseminating their mare.
- * 3 attempts are allowed to achieve one pregnancy.

Jaybee Farm will take a few outside mares to him this year by transported chilled semen or frozen semen. His stud fee is \$2,200.00 AUD inc. GST.
